Project KYC

Hest Labs Kyc

This KYC report verifies that One Member of Hest Labs project has successfully completed the verification process at SnipeFinance.com

Snipe KYC Process

At SnipeFinance.com Know Your Customer, or KYC is the process of identity verification to ascertain that the person speaking to us is really who she/he says they are.

How does it work? The identities of the project owner is determined by submitting ID documentation (Passport, National ID) to SnipeFinance.com.

This is similar to the KYC process needed when opening up a trading account on a major exchange like Binance, for example.

The KYC Process consists in sending SnipeFinance.com a video with visible face and readable document and reading of a text given by us or video conference with a valid and readable ID document.

Disclaimer

By reading this report or any part of it, you agree to the terms of this Disclaimer. This report is provided for information purposes only and on a non-reliance basis and does not constitute investment advice. No one shall have any right to rely on the report or its contents and SnipeFinance.com owns no duty of care towards you or any other person, nor does Snipefinance.com make any warranty or representation to any person on the accuracy or completeness of the report.

The report is provided as is, without any conditions, warranties or other terms of any kind except as set out in this disclaimer, SnipeFinance.com hereby excludes all representations, warranties, conditions and other terms, SnipeFinance.com hereby excludes all liability and responsibility and neither you nor any other person shall have any claim against SnipeFinance.com for any amount or kind of loss or damage that may result to you or any other person(including without limitation, any direct, indirect, special, punitive, consequential or pure economic loss or damages, or any loss of income, profits, goodwill, data, contracts, use of money, or business interruption, and water in delict, tort(including without limitations negligence), contract, breach of statutory duty, misinterpretation (weather innocent or negligent) or otherwise under any claim of any nature whatsoever in any jurisdiction) in any way arising from or connected with this report and the use, inability to use or the results of use of this report, and any reliance on this report.

This report should not be used in any way to make decisions around investment or involvement with any particular project. This report in no way provides investment advice, nor should be leveraged as investment advice of any sort. This report represents an extensive assessing process intended to help our customers increase the quality of their code while reducing the high level of risk presented by cryptographic tokens and blockchain technology.

Blockchain technology and cryptographic assets present a high level of ongoing risk. SnipeFinance.com positions that each company and individual are responsible for their own due diligence and continuous security.

SnipeFinance.com goal is to help reduce the attack vectors and the high level of variance associated with utilizing new and consistently changing technologies, and in no way claims any guarantee of security or functionality of the technology we agree to analyze.

The analysis of the security is purely based on the smart contracts alone. No applications or operations were reviewed for security. No product code has been reviewed.

A project receiving the KYC badge does not mean in any way that we approve or recommend that project. Please always DYOR before investing.

Snipefinance.com is a blockchain development agency run by italian developers that works with startups, SMBs & enterprises.
